

# Fox and Geese

This makes a 6" block and is paper pieced!

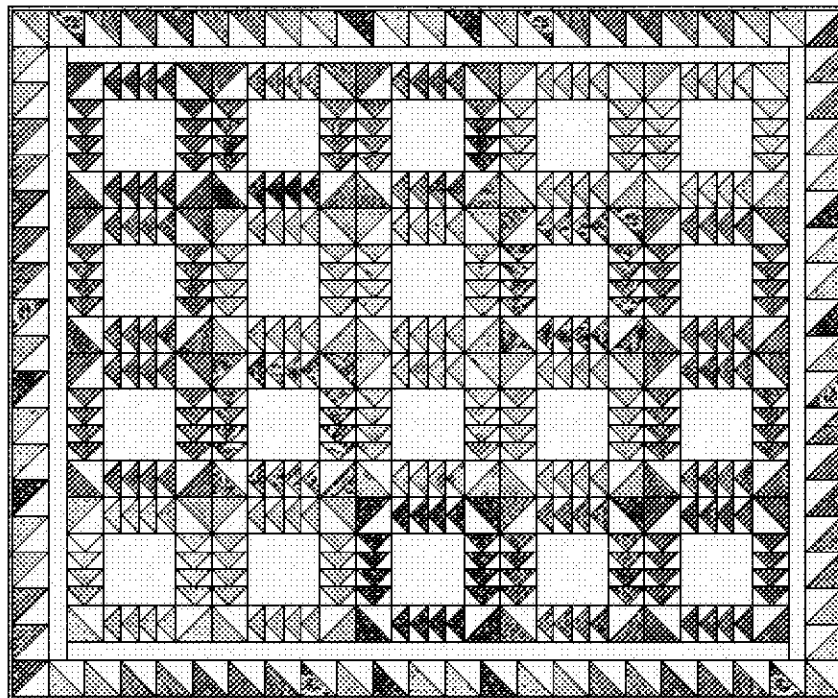

**Please abide by the Terms and Conditions of use! :o)**

The first thing that I would recommend that you do, is go to the [Practice Paper Piecing Page](#). When you feel comfy with paper piecing, come on back and try a Fox and Geese block! You will need to print out one copy the template page per block you want to make on very lightweight paper. You will also need one 3-1/2" square of your background color. Fat Quarters will be fine!

After your units are paper pieced, sew the shorter two o the sides of your 3-1/2" background square, pressing seams towards center. Then add the top and bottom paper pieced units, and it's done!

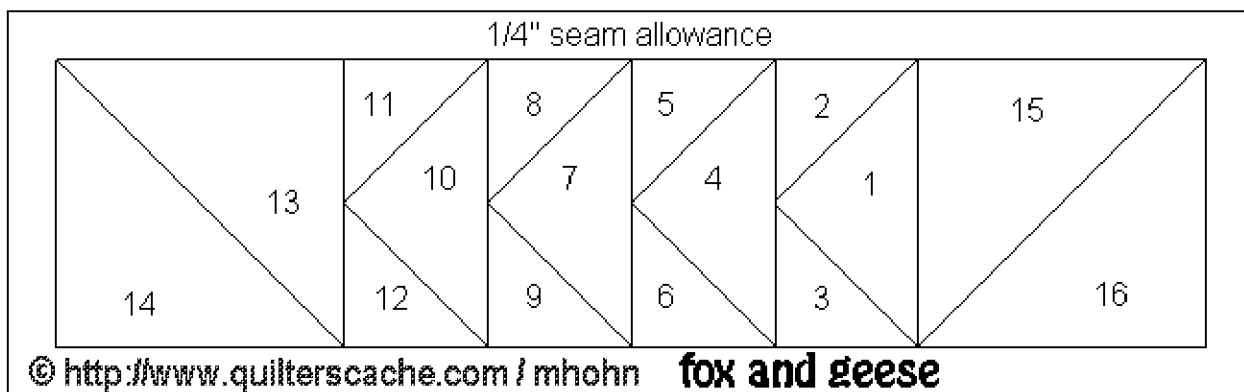

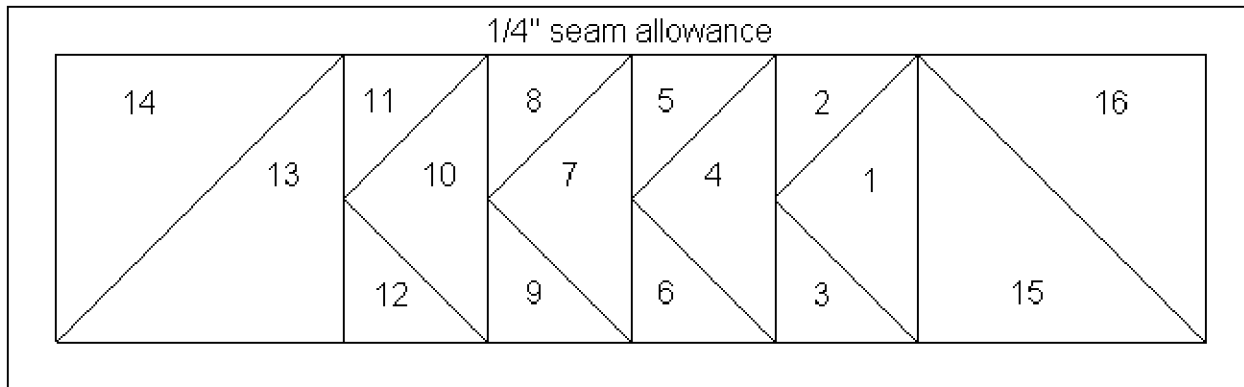

This quilt is four blocks by five, with a very narrow background color border, then a pieced half square border!

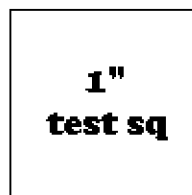

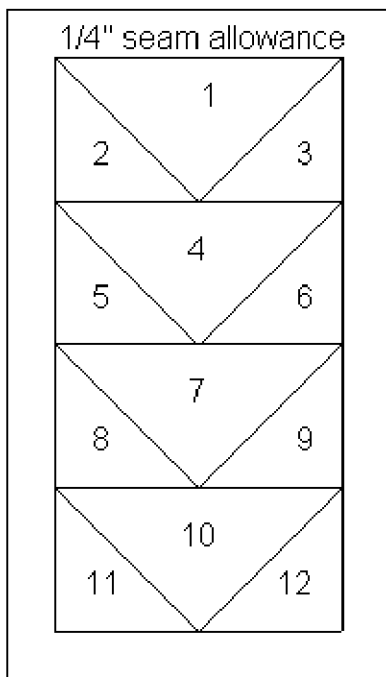

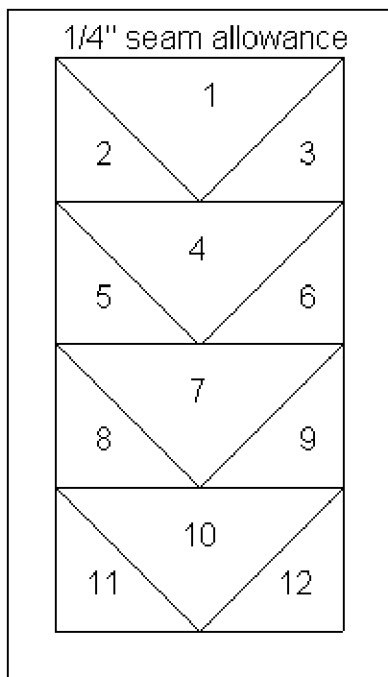

Hope you like it!

Happy Quilting  
All!

Marcia :o)
